

When Bearsden Chess Club was reformed in 1966, Cecil Dallaston donated a trophy cup to the club "for annual competition". Each year the club has held a tournament to determine the best player, with the winner holding the Cup for the following year. The club championship is open to all club members.

Club Championship Grading Prize winners

Along with a First Prize there is also a Grading Prize for the individual who has performed furthest above their grade in the competition. This often goes to a (J) junior "Giant-killer" but occasionally to far older members who had a great performance, e.g. Founder-member Geoff Parbrook in 2009

Prior to 2002 the prizes were for grades < 1700 and < 1300 and a separate Junior Championship
