

When Bearsden Chess Club was reformed in 1966, Cecil Dallaston donated a trophy cup to the club "for annual competition". Each year the club has held a tournament to determine the best player, with the winner holding the Cup for the following year. The club championship is open to all club members.

Club Champions

The list of winners is a veritable who's who of some of the best players in the club: (excluding of course our two titled players GM Jacob Aagaard and IM Andrew Greet who could probably join this list but have so far just contented themselves with winning the British and Scottish Championships)
